BRISTOW ATTACKS SPEAKER CANNON

Declares He Favored Smelter Trust in Preparing the Zinc Schedule.

Manhattan, Kas., July 22.—Senator L. B. Bristow, in a speech here last night, charged speaker Cannon and the "stand-pa" congressmen with the manipulation of the lead schedule of the tariff bill in support of the "smelter trust."

"A duty not measuring the difference in the cost of smelting at home and abroad, as promised in the Republican platform, but from \$2.50 to \$6 higher than the entire cost of smelting in this country, was imposed on lead," he declared.

"This was not done in the interest of protecting a struggling industry, but in the interest of a monopoly, controlled by the Guggenheims, backed by the great Rockefeller financial interests."

"Because I presume to object to this sort of a thing, Mr. Cannon calls me a Democrat, a demagogue, a lunatic and a viper. Why doesn't he give reasons why he insisted upon ignoring the plain, specific declarations of the Republican national platform? Why did he stand by the senate in the interests of the Guggenheims?"

IMAGINARY NAVY AT BOTTOM OF SEA

Following Death of Eleven at Ft. Monroe, "Enemy" Was Routed.

Fort Monroe, Va., July 22.—Although death had silenced one gun, and eleven men were killed or fatally injured by yesterday's accident at Ft. Russell shore battery, during the firing on an imaginary hostile fleet which was passing up Hampton Roads to attack Washington, the battle continued until the enemy was sunk.

The practice, which was the most extensive ever attempted, was completed with flattering success to the coast artillery corps.

Officers who witnessed the test, say the practice demonstrated that a fleet attempting to pass the fort would not have lived five minutes in such a fire.

OREGON REPUBLICANS ARE IN A FIGHT

Fate of the Primary Election Methods of the State May Be Decided On Result of Fall Balloting.

Portland, Ore., July 22.—The fate of the so-called "Oregon system" of electing United States senators by a popular vote, is now in the balance.

The convention of the faction of the Republican party in this state, self-styled "assembly Republicans," now in session in this city, has thrown down the gauntlet to the faction of the party which supports the "Oregon plan" and has declared without qualification that both at the primary election in September, and in the pre-election campaign, they will knife every Republican who is an anti-assembly man.

The anti-assembly Republicans are just as bitter and ready to lock horns, and it is admitted that on the result of the November election stands or falls the "Oregon system" in this state.

PROTESTANT CHURCH TO FACE VATICAN

Rome, Italy, July 22.—The Protestant committee recently formed here has decided to ask the American Protestant denominations and the archbishop of Canterbury to join with the German and Swiss congregations in the project to erect a Protestant church facing the vatican, as a protest against the papal encroachment on the rights of Charles Barrome, which offended German Protestants.

NORWAY AND U. S. CROSS SWORDS IN DIPLOMACY
Washington, D. C., July 22.—The United States has crossed diplomatic swords with Norway. The state department, replying to protests from New Orleans commercial interests against the Norwegian recognition of the Bluefields, Nicaragua, blockade today declared Bluefields to be an open port. Norway, it was said, was misinformed of conditions there.

NICE CHANCE FOR A NEGRO LYNCHING

Ex-Convict Kills Texas Officer; Hundred Men Searching.

Belton, Texas, July 22.—A young negro, Henry Gentry, shot and killed constable James Mitchell this morning near the residence of Mrs. John Lamb, a widow, after the woman had notified the officer that the negro was trying to break into the house at 2 o'clock this morning.

A posse is now searching for the negro, who fled following the shooting, and a lynching is believed to be certain if the negro is caught. A hundred citizens have joined in the man hunt.

Mrs. Lamb was awakened by the negro's efforts to gain an entrance to her house, and telephoned the constable. When Mitchell arrived the negro had fled. Mrs. Lamb shot at the negro.

The constable returned to the city after bloodhounds. As the officer and two citizens approached the house, the negro, who had returned with a shotgun, shot Mitchell in the back and the constable dropped from his horse and died in a few moments. Gentry recently returned from the reformatory.

Before noon officers came to the city with a negro, who was placed in jail. The party entered the jail from the rear. That the negro had been placed in jail soon gained currency and 1,000 people congregated in the vicinity.

The officers declared the negro was not Gentry, but another negro, who was wanted as a witness. A committee of citizens was permitted to examine the jail in order to satisfy the crowd that the negro detained was not Gentry.

MARVEL TAKES A RAP AT BRYAN

Judge Gray's Former Manager Says Democratic Party Has No Boss.

Denver, Colo., July 22.—Joshua Marvel, of Wilmington, Del., a member of the finance committee of the last Democratic national committee, who was in charge of the campaign of Judge George Gray of Delaware for the nomination for the presidency, believes it is none too soon to lay plans for the next national campaign, although there is an important congress campaign ahead.

Touching on the influence of W. J. Bryan will have, Mr. Marvel said: "Mr. Bryan will, of course, have great weight in the councils of his party. But his wishes should be considered as wishes and not obeyed as commands. There is no divine right of domination in the Democratic party. To the extent that his urging principles and candidates appeal to the majority of our party, he should be fully sustained and approved, but when he goes beyond this, the duty of the party is to proceed promptly to repudiate him."

Mr. Marvel is not inflexible and his honesty and earnestness makes his mistakes the more dangerous. Those who charge him with being insincere and time-serving do not know the man as I do. The leaders of our party who disagree with Mr. Bryan should argue with him and not about him."

Mr. Marvel stated that Judge Gray would not again be a candidate. His 70 years of age would prevent it if nothing else.

Mr. Marvel stated further that he believed that the next national convention would be held in Denver. He based the statement on sentiment expressed by national committeemen from the states east of Chicago. He said he had talked with many of them personally and that they all expressed a preference for Denver. So confident is Mr. Marvel that the convention will come to this city, that while he is here on business, he is looking for a site for a summer home so he can have his family here during convention time.

NEW NICARAGUAN CABINET IS ENTIRELY AMERICAN

Managua, Nicaragua, July 22.—The first complete cabinet formed during the administration of president Madriz is announced. It is notable that the appointments are made from the civil rather than the military element. With the exception of Leon Arragon, the secretary of public works, the secretaries are lawyers. Benjamin Zeledon, the present mayor of Managua, has been made sub-secretary of the war funds.

The new ministry is likely to be unfriendly to the United States.

The new war minister is bitterly anti-American.

FOREST FIRES IN WISCONSIN STILL RAGE.

Wausau, Wis., July 22.—Fires at Galloway, which yesterday caused damage estimated at half a million in that vicinity, are reported today to be fairly under control.

The flames are still extending for five miles east of Eldron to Pike Lake village and large crews of men are fighting the fire.

New York, N. Y., July 22.—Wall street heard today that relations between the Southern Pacific railroad company and the Toyo Kisen Kaisha, the Japanese corporation which operates the biggest line of steamers between San Francisco and Yokohama, had been severed. The manager of the Yokohama Specie bank in this city said: "I believe the report is substantially correct. I have no official confirmation of it yet but many circumstances lead us to believe it is true. I believe the Toyo Kisen Kaisha will establish relations with one of the Gould lines."

President Lovett of the Harriman lines said: "I must decline to discuss the matter."
